INDEX.

TO VOL. XXXI. (VOL. VII. THIRD SERIES) OF THE AMERICAN JOURNAL OF PHARMACY.

Abel, Joseph, on citrate of iron and strychnia.....127
Acetic acid converted into methylic alcohol.....172
Acetic fluid extracts.....538
Acetate of lead, preparation of basic.....280
Acrid principle of Ranunculus sceleratus.....440
Action of bichromate of potassa in dyeing.....131
Action of nitric ether on iodide of potassium.....438
Adelheid spring water.....458
Adulterated oil of peppermint.....552
Adulteration of cream of tartar.....486
Adulteration of otto of rose.....335
Adulteration of valerianate of iron.....482
Aiken, Prof. Wm. E. A., on althæa paper as a test for acids and alkalies.....367
" " " examination of a spurious opium.....374
Ailanthus glandulosa, vermifuge properties of.....229
Albright, A., on the adelheid spring of Bavaria.....458
Alcohol as a solvent of all medicinal principles.....43
Alcoholic fermentation, new researches on.....72
Allen, Harvey, on podophyllin.....206
Allopathic sugar pellets.....20
Althæa paper as a test for acids and alkalies.....367
Alum in china.....69
Ambergris.....183
American dispensatory of Dr. King.....285, 384
American Pharmaceutical Association.....383
American Pharmaceutical Association, call of the meeting of.....382, 483
American Pharmaceutical Association, minutes of the meeting of 1859.....491
American Pharmaceutical Association, officers of, for 1859.....497
Ammonia, new source of.....430
Amounts of sulphuretted hydrogen and hydrocyanic acid in tobacco smoke 76
Anagallis arvensis, observations on.....299
Analysis of the root of Bryonia alba.....249
Analysis of Daphne mezereum flowers.....351
Analysis of the root of Arum maculatum.....351
Analysis of highland cutweed kelp.....461
Analysis of various kinds of porcelain.....570

Andrews, Thomas, note on azone.....463
Andrews, G. W., on the preparation of phosphide of calcium.....560
Anhydrous sulphuric acid, preparation of.....439
Animal bread of the Mexicans, Hautlé or..... 74
Annatto, culture and preparation of.....360
Anthon, E. F., new method of preparing sulphurous acid.....353
Anthemin and anthemic acid.....470
Apparatus for pharmaceutical purposes, steam.....223
Argenti nitras fusus..... 49
Aromatic syrup of blackberry root.....552
Arum maculatum, analysis of.....351
Atropia, valerianate of.....150

Bannvart, Charles, pharmaceutical notices..... 18
Baryta, its industrial applications.....136
Baryta, manufacture of the sulphate of.....451
Battey, Dr. Robert, on liquor ferri iodidi.....205
Behavior of boracic to tartaric acid.....241
Berthelot, M., on melezitose, a new sugar..... 61
" " on the camphenic series..... 73
Bell, Jacob, notice of the late.....488
Bibliographical notices.....92, 94, 191
Bernouilli, Dr. J. J., on the weight of drops.....441
Bichromate of potassa, its action in dyeing.....131
Binocular vision..... 82
Binoxystrychnia..... 134
Bitter wine of iron.....450
Bixa orellana, culture of for annatto.....360
Blockey, John S., and *Herbert Sugden* on the action of bichromate of potassa in dyeing.....131
Bocker, Prof., of Bonn, on the therapeutic properties of sarsaparilla.....568
Boussingault, on the relations of the soil to vegetation.....468
Botany Bay kino.....226
Brandy, preparation of Catawba.....363
Bryonia alba, analysis of.....249
Bryonin.....249
Bryonetin.....249
Bryoretin.....251
Brunner, C., on the preparation of platinum black.....344
" " on the preparation of molybdate of ammonia.....348
Buchu, fluid extract of.....313, 349, 582
Buckalew, C. R., Letter in reference to the cinchona tree.....475
Bullock, Charles, on mercury and its oxides and acetates.....268
" " on an adulteration of cream of tartar.....486
" " on adulterated oil of peppermint.....552

Callman, H., on crystallized valerianate of atropia.....150
Camphenic series..... 73

Cameron, Charles A., on urea as a direct source of nitrogen to plants.....157
Canella bark, on a red.....346
Canouil, M., chemical matches, &c.....150
Canouil's processes for manufacturing chemical matches.....468
Carapa touloucouna.....231
Caraya amara, bark of, as a medicine.....33
Carbonate of ammonia for poisoned bites.....184
Carney, Charles T., on the solubility of sesqui-oxide of chrominum.....128
" " report on the adulterations of drugs.....502
Carrie, M., on the preparation of liquid tartrate of potassa, ammonia and iron.....257
Catawba Brandy, preparation of.....384, 363
Catalogue of the Class of the Philadelphia College of Pharmacy, 1858–9.....95
Catalogue of the Library of the Philadelphia College of Pharmacy.....291
Caspari, Charles, on oxide of zinc.....435
Caucassian insect powder.....373
Chapman, Wm. C., on syrup of iodide of iron.....559
Chemical matches without phosphorus.....150
Chemical characters of otto of rose.....338
Chickweed, observations on.....299
Chloroform, on the tests of its purity.....148
Chlorinated lunar caustic.....238, 477
Chloride of zinc, saponification of fats by.....431
Chloric ether, on commercial.....553
Cicuta virosa, volatile oil of the seeds of.....251
Cimicifuga, acetic tincture of.....483
Citrate of iron and strychnia.....23, 127
Citromel of iodide of iron.....64
Citron contaminated with coffee.....576
Cinchona bark, assay of.....426
Cinchona, its introduction into India.....429
Cinchona tree, the.....475
Cinnamodendron corticosum.....347
Clöez & Guignet on permanganate of potassa.....278
" " on the conversion of nitrogen of nitrogenous matters into nitrate of potassa.....151
Claus, Dr. C., of Dorpat, on the history of pharmacy in Russia.....165
Cobalt, preparation of metallic.....433
Coffee, citron contaminated with.....576
Colocynth.....331
Colocynthin.....331
Colocynthitin.....331
Colocynthein.....332
Commercial chloric ether.....553
Commercial history of otto of rose.....252
Combustibility of powdered iron.....254
Conversion of nitrogen into nitrate of potassa.....151
Conversion of acetic acid into methylic alcohol.....172

Contamination of distilled waters with tin.....254
Concussions in boiling prevented.....348
Constitution of solania.....417
Constitution of scammony.....574
Convallaria majalis, on some principles of.....577
Convallarin.....577
Convallamarin.....577
Convallamaretin.....579
Convallaretin.....578
Coral, its rate of growth.....185
Coumarin from Liatris odoratissima.....556
Cream of tartar, adulterated.....486
Crystallized valerianate of atropia.....150
Culture of peppermint in Michigan.....35
Culture of Bixa orellana for annatto.....360
Cutweed kelp, analysis of.....458
Cyanide of potassium, poisoning by.....482

Daniell, Dr. W. F., on red canella bark from the West Indies.....346
Daphne mezereum, analysis of the flowers of.....351
De Vrij, Dr., on iodide of ethyle.....170
Death of Humboldt.....392
Dangerous explosion of muriatic acid.....479
Densimeter, a new.....135
Dental anæsthetic.....480
Detection of iodine in urine.....350
Determination of tallow and stearic acid in wax.....417
Determination of quinia in Peruvian bark.....365
Dentifrice.....232
Disinfectant, on a new.....579
Displacement use of the funnel in.....327
Displacement or percolation.....317
Distillation of oil of peppermint.....39
Distilled waters, contamination of, with tin.....254
